INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and Members
of the Borough Council
Borough of Washington
County of Warren
Washington, New Jersey 07882

We have audited the accompanying financial statements - statutory basis of the various individual funds and the account group of the Borough of Washington, County of Warren, New Jersey as of and for the years ended December 31, 2007 and 2006 and for the year ended December 31, 2007, as listed as financial statements - statutory basis in the foregoing table of contents. These financial statements - statutory basis are the responsibility of the management of the Borough of Washington, County of Warren. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial statements contained in Government Auditing Standards issued by the Comptroller General of the United States, the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey and the provisions of U.S. Office of Management and Budget (OMB) Circular A-133, "Audits of States, Local Governments and Non-Profit Organizations" and State of New Jersey OMB Circular 04-04, "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid." Those standards and provisions require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1, the Borough of Washington, County of Warren, prepares its financial statements on a prescribed basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, that demonstrates compliance with the modified accrual basis, with certain exceptions, and the budget laws of New Jersey, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles.

SUPLEE, CLOONEY & COMPANY

In our opinion, because the Borough of Washington prepares its financial statements on the basis of accounting discussed in the preceding paragraph, the financial statements referred to above do not present fairly, in conformity with U.S. generally accepted accounting principles, the financial position of the various individual funds of the Borough of Washington as of December 31, 2007 and 2006 or the results of its operations and changes in fund balance for the year then ended or the revenues or expenditures for the year ended December 31, 2007.

However, in our opinion, the financial statements - statutory basis present fairly, in all material respects, the financial position - statutory basis of the various individual funds and the account group of the Borough of Washington, County of Warren, as of December 31, 2007 and 2006, and the results of its operations and changes in fund balance - statutory basis for the year then ended and the revenues, expenditures and changes in fund balance - statutory basis for the year ended December 31, 2007, on the basis of accounting described in Note 1.

In accordance with Government Auditing Standards, we have also issued our report dated April 25, 2008, on our consideration of the Borough of Washington's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts grants and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be read in conjunction with this report in considering the results of our audit.

Our audit was made for the purpose of forming an opinion on the financial statements - statutory basis taken as a whole. The information included in the schedules of expenditures of federal awards and state financial assistance and the other supplementary schedules and data listed in the table of contents is presented for purposes of additional analysis as required by New Jersey OMB Circular 04-04 "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid" and the State of New Jersey, Department of Community Affairs, Division of Local Government Services, and is not a required part of the financial statements. This information has been subjected to the auditing procedures applied in the audit of the financial statements mentioned above and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

This report is intended for the information of the Borough of Washington, County of Warren, New Jersey, the Division of Local Government Services and federal and state audit agencies and is not intended to be, and should not be, used by anyone other than these specified parties.

NOTES TO FINANCIAL STATEMENTS

BOROUGH OF WASHINGTON

NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2007 AND 2006

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The Borough of Washington is an instrumentality of the State of New Jersey, established to function as a municipality. The Borough Council consists of elected officials and is responsible for the fiscal control of the Borough.

Except as noted below, the financial statements of the Borough of Washington include every board, body, officer or commission supported and maintained wholly or in part by funds appropriated by the Borough of Washington, as required by N.J.S.A. 40A:5-5. Accordingly, the financial statements of the Borough of Washington do not include the operations of the library, first aid squads, local or regional school districts, inasmuch as their activities are administered by separate boards.

B. Description of Funds

The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. GASB codification establishes three fund types and two account groups to be used by general purpose governmental units when reporting financial position and results of operations in accordance with U.S. Generally Accepted Accounting Principles (GAAP).

The accounting policies of the Borough of Washington conform to the accounting principles applicable to municipalities which have been prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the financial transactions and accounts of the Borough of Washington are organized on the basis of funds and an account group which is different from the fund structure required by GAAP. A fund or account group is an accounting entity with a separate set of self-balancing accounts established to record the financial position and results of operation of a specific government activity. As required by the Division of Local Government Services, the Borough accounts for its financial transactions through the following individual funds and account group:

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Description of Funds (Continued)

Current Fund - resources and expenditures for governmental operations of a general nature, including federal and state grant funds.

Trust Fund - receipts, custodianship and disbursement of funds in accordance with the purpose for which each reserve was created.

General Capital Fund - receipt and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the Current Fund.

Sewer Utility Operating and Capital Funds - account for the operations and acquisition of capital facilities of the municipally owned Sewer Utility.

Public Assistance Fund - receipt and disbursement of funds that provide assistance to certain residents of the Borough pursuant to Title 44 of New Jersey statutes.

General Fixed Assets Account Group - utilized to account for property, land, buildings and equipment that have been acquired by other governmental funds.

C. Basis of Accounting

The accounting principles and practices prescribed for municipalities by the State of New Jersey differ in certain respects from U.S. generally accepted accounting principles applicable to local government units. The more significant accounting policies and differences in the State of New Jersey are as follows:

A modified accrual basis of accounting is followed with minor exceptions.

Revenues - are recorded when received in cash except for certain amounts which are due from other governmental units. Federal and state grants are realized as revenues when anticipated in the Borough's budget. Receivables for property taxes are recorded with offsetting reserves on the balance sheet of the Borough's Current Fund; accordingly, such amounts are not recorded as revenue until collected. Other amounts that are due the Borough, which are susceptible to accrual, are also recorded as receivables with offsetting reserves and recorded as revenues when received. GAAP requires revenues to be recognized in the accounting period when they become susceptible to accrual, reduced by an allowance for doubtful accounts.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Basis of Accounting (Continued)

Expenditures - are recorded on the "budgetary" basis of accounting. Generally expenditures are recorded when an amount is encumbered for goods or services through the issuance of a purchase order in conjunction with the Encumbrance Accounting System. Outstanding encumbrances at December 31st are reported as a cash liability in the financial statements and constitute part of the Borough's statutory Appropriation Reserve balance.

Appropriation reserves covering unexpended appropriation balances are automatically created at December 31st of each year and recorded as liabilities, except for amounts which may be canceled by the governing body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are recorded as income. Appropriations for principal payments on outstanding general capital and utility bonds and notes are provided on the cash basis, interest on general capital indebtedness is on the cash basis, whereas interest on utility indebtedness is on the accrual basis.

Encumbrances - Contractual orders at December 31 are reported as expenditures through the establishment of encumbrances payable. Under GAAP, encumbrances outstanding at year end are reported as reservations of fund balance because they do not constitute expenditures or liabilities.

Foreclosed Property - Foreclosed property is recorded in the Current Fund at the assessed valuation when such property was acquired and is fully reserved. GAAP requires such property to be recorded in the General Fixed Assets Account Group at its market value.

Sale of Municipal Assets - The proceeds from the sale of municipal assets can be held in a reserve until anticipated as revenue in a future budget. GAAP requires such proceeds to be recorded as revenue in the year of sale.

Interfunds - Interfund receivables in the Current Fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves. GAAP does not require the establishment of an offsetting reserve.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Basis of Accounting (Continued)

General Fixed Assets - Technical Accounting Directive No. 85-2, Accounting for Governmental Fixed Assets, as promulgated by the Division of Local Government Services, which differs in certain respects from generally accepted accounting principles, requires the inclusion of a statement of general fixed assets of the Borough as part of its basic financial statements. General fixed assets are defined as nonexpendable personal and real property having a physical existence, a useful life of more than one year and an acquisition cost of \$300.00 or more per unit. Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized.

General Fixed Assets that have been acquired and are utilized in a governmental fund operation are accounted for in the General Fixed Asset Account Group rather than in a governmental fund. No depreciation has been provided on General Fixed Assets or reported in the financial statements.

The Borough has developed a fixed assets accounting and reporting system based on an inspection and valuation prepared by an independent appraisal firm. Fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Buildings and land are stated at the assessed value contained in the Borough's most recent property revaluation.

Expenditures for construction in progress are recorded in the Capital Funds until such time as the construction is completed and put into operation.

Fixed assets acquired through grants in aid or contributed capital has not been accounted for separately.

Inventories of Supplies - the cost of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The cost of inventories is not included on the various balance sheets. GAAP requires the cost of inventories to be reported as a current asset and equally offset by a fund balance reserve.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Basis of Accounting (Continued)

Fixed Capital - Sewer Utility

Accounting for utility fund "fixed capital" remains unchanged under the requirements of Technical Accounting Directive No. 85-2.

Property and equipment purchased by the Sewer Utility Fund are recorded in the capital account at cost and are adjusted for disposition and abandonment. The amounts shown do not purport to represent reproduction costs or current value. The fixed capital reported is as taken from the municipal records and does not necessarily reflect the true condition of such fixed capital. Contributions in aid of construction are not capitalized. The balances in the Reserve for Amortization and Deferred Reserve for Amortization accounts in the utility capital fund represent charges to operations for the cost of acquisition of property, equipment and improvements. The utility does not record depreciation on fixed assets.

D. Basic Financial Statements

The GASB codification also defines the financial statements of a governmental unit to be presented in the general purpose financial statements to be held in accordance with GAAP. The Borough presents the financial statements listed in the table of contents of the "Requirements of Audit and Accounting Revision of 1987" as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey and which differ from the financial statements required by GAAP.

NOTE 2: CASH AND CASH EQUIVALENTS

The Borough considers petty cash, cash in banks and certificates of deposit as cash and cash equivalents.

NOTE 2: CASH AND CASH EQUIVALENTS (CONTINUED)

A. Deposits

New Jersey statutes permit the deposit of public funds in institutions which are located in New Jersey and which meet the requirements of the Governmental Unit Deposit Protection Act (GUDPA) or the State of New Jersey Cash Management Fund. GUDPA requires a bank that accepts public funds to be a public depository. A public depository is defined as a state bank, a national bank, or a savings bank, which is located in the State of New Jersey, the deposits of which are insured by the Federal Deposit Insurance Corporation. The statutes also require public depositories to maintain collateral for deposits of public funds that exceed certain insurance limits. All collateral must be deposited with the Federal Reserve Bank or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.00.

The Borough of Washington has the following cash and cash equivalents at December 31, 2007:

<u>FUND</u>	<u>CASH IN BANK</u>	<u>CHANGE FUNDS</u>	<u>TOTAL</u>
Current Fund	\$2,600,484.13	\$220.00	\$2,600,704.13

<u>TOTAL DECEMBER 31, 2007</u>	<u>\$3,976,752.38</u>	<u>\$295.00</u>	<u>\$3,977,047.38</u>

Custodial Credit Risk – Deposits – Custodial credit risk is the risk that in the event of a bank failure, the deposits may not be returned. The Borough does not have a specific deposit policy for custodial credit risk other than those policies that adhere to the requirements of statute. As of December 31, 2007, based upon the coverage provided by FDIC and NJGUDPA, no amount of the bank balance was exposed to custodial credit risk. Of the cash on balance in the bank, \$100,000.00 was covered by Federal Depository Insurance and \$3,876,752.38 was covered under the provisions of NJGUDPA.

NOTE 2: CASH AND CASH EQUIVALENTS (CONTINUED)

B. Investments

The purchase of investments by the Borough is strictly limited by the express authority of the New Jersey Local Fiscal Affairs Law, N.J.S.A. 40A:5-15.1. Permitted investments include any of the following type of securities:

1. Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America;
2. Government money market mutual funds which are purchased from an investment company or investment trust which is registered with the Securities and Exchange Commission under the "Investment Company Act of 1940," 15 U.S.C. 80a-1 et seq., and operated in accordance with 17 C.F.R. § 270.2a-7 and which portfolio is limited to U.S. Government securities that meet the definition of an eligible security pursuant to 17 C.F.R. § 270.2a-7 and repurchase agreements that are collateralized by such U.S. Government securities in which direct investment may be made pursuant to paragraphs (1) and (3) of N.J.S.A. 5-15.1. These funds are also required to be rated by a nationally recognized statistical rating organization.
3. Any obligation that a federal agency or a federal instrumentality has issued in accordance with an act of Congress, which security has a maturity date not greater than 397 days from the date of purchase, provided that such obligation bears a fixed rate of interest not dependent on any index or other external factor;
4. Bonds or other obligations of the Local Unit or bonds or other obligations of school districts of which the Local Unit is a part or within which the school district is located.
5. Bonds or other obligations, having a maturity date not more than 397 days from date of purchase, approved by the Division of Investment of the Department of Treasury for investment by Local Units;
6. Local government investment pools that are fully invested in U.S. Government securities that meet the definition of eligible security pursuant to 17 C.F.R. § 270a-7 and repurchase agreements that are collateralized by such U.S. Government securities in which direct investment may be made pursuant to paragraphs (1) and (3) of N.J.S.A. 5-15.1. This type of investment is also required to be rated in the highest category by a nationally recognized statistical rating organization.

NOTE 2: CASH AND CASH EQUIVALENTS (CONTINUED)

B. Investments (Continued)

7. Deposits with the State of New Jersey Cash Management Fund established pursuant to section 1 of P.L. 1977, c.281 (C. 52:18A-90.4); or
8. Agreements for the repurchase of fully collateralized securities if:
 - a. the underlying securities are permitted investments pursuant to paragraphs (1) and (3) of this subsection;
 - b. the custody of collateral is transferred to a third party;
 - c. the maturity of the agreement is not more than 30 days;
 - d. the underlying securities are purchased through a public depository as defined in section 1 of P.L. 1970, c.236 (C. 17:19-41); and
 - e. a master repurchase agreement providing for the custody and security of collateral is executed.

The Borough of Washington had no investments outstanding as of December 31, 2007.

Based upon the limitations set forth by New Jersey Statutes 40A:5-15.1 and existing investment practices, the Borough is generally not exposed to credit risks, custodial credit risks, concentration of credit risks and interest rate risk for its investments nor is it exposed to foreign currency risk for its deposits and investments.

NOTE 3: MUNICIPAL DEBT

The Local Bond Law, Chapter 40A:2, governs the issuance of bonds to finance general municipal capital expenditures. All bonds are retired in annual installments within the statutory period of usefulness. All bonds issued by the Borough are general obligation bonds, based by the full faith and credit of the Borough. Bond Anticipation Notes, which are issued to temporarily finance capital projects, shall mature and be paid off within ten years if financed by the issuance of bonds. Summaries of bond, loan, and note transactions for the year ended December 31, 2007 are detailed on Exhibits "C-8", "C-12", "C-13", "D-18", "D-19" and "D-20".

Bonds and Notes Authorized but not Issued

At December 31, 2007, the Borough has authorized but not issued bonds and notes as follows:

General Capital Fund	<u>\$1,376.00</u>
Sewer Utility Capital Fund	<u>\$5,197,653.00</u>

NOTE 4: FUND BALANCES APPROPRIATED

Fund balances at December 31, 2007 which were appropriated and included as anticipated revenue in their own respective funds, for the year ending December 31, 2008 are not available as of the date of this report because the annual budget for 2008 has not been adopted.

NOTE 5: PROPERTY TAXES

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied based on the final adoption of the current year municipal budget, and are payable in four installments on February 1, May 1, August 1 and November 1. The Borough bills and collects its own property taxes and also taxes for the County and local school district. The collections and remittance of county and school taxes are accounted for in the Current Fund. Borough property tax revenues are recognized when collected in cash and any receivables are recorded with offsetting reserves on the balance sheet of the Borough's Current Fund.

Taxes collected in advance - Taxes collected in advance and recorded as cash liabilities in the financial statements are as follows:

	BALANCE DECEMBER <u>31, 2007</u>	BALANCE DECEMBER <u>31, 2006</u>
Prepaid Taxes	<u>\$30,032.92</u>	<u>\$53,135.11</u>

NOTE 6: PENSION PLANS

Borough employees, who are eligible for a pension plan, are enrolled in the Public Employees Retirement System administered by the Division of Pensions, Treasury Department of the State of New Jersey. The Division annually charges participating government units for their respective contributions to the plans based upon actuarial methods. Certain portions of the costs are contributed by the employees. The Borough's share of pension costs, which is based upon the annual billings received from the State, amounted to \$112,982.24 for 2006 and \$187,265.24 for 2007.

Information as to the comparison of the actuarially computed value of vested benefits with the system's assets is not available from the State Retirement System and, therefore, is not presented.

NOTE 7: COMPENSATED ABSENCES

Under the existing policy of the Borough, employees are allowed to accumulate unused vacation and sick pay over the life of their working careers which may be taken as time off or paid at a later date. The accumulated cost of such unpaid compensation is not required to be reported in the financial statements as presented and has not been determined, but is probably material. The Borough annually appropriates the amounts that are required to be paid in that year's budget and no liability is accrued at December 31, 2007.

NOTE 8: LITIGATION

The Borough Attorney's letter did not indicate any litigation, claims or contingent liabilities that are either not covered by the Borough's insurance carrier or would have a material financial impact on the Borough.

NOTE 9: TAX APPEALS

There are tax appeals filed with the County and State Tax Court of New Jersey requesting a reduction of assessments for the year 2007. Any reduction in assessed valuation will result in a refund of prior years' taxes in the year of settlement, which may be funded from tax revenues through the establishment of a reserve or by the issuance of refunding bonds per N.J.S.40A:2-51.

NOTE 10: CONTINGENT LIABILITIES

The Borough participates in several state financial assistance grant programs. Entitlement to the funds is generally conditional upon compliance with terms and conditions of the grant agreements and applicable regulations, including the expenditure of funds for eligible purposes. Findings and questioned costs, if any, relative to state financial assistance programs will be discussed in detail in Part II of the 2007 audit report. In addition, these programs are also subject to compliance and financial audits by the grantors or their representatives. As of December 31, 2007, the Borough does not believe that any material liabilities will result from such audits.

NOTE 11: RISK MANAGEMENT

The Borough is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions, injuries to employees; and natural disasters. The Borough is a member of the Statewide Insurance Fund which provides coverage covering each of those risks of loss. Management believes such coverage is sufficient to preclude any significant uninsured losses to the Borough. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years.

New Jersey Unemployment Compensation Insurance – The Borough has elected to fund New Jersey Unemployment Insurance under the “Contributory Method”. Under this plan, the Borough is required to remit employee withholdings to the State on a quarterly basis. All of the Borough’s claims are paid by the State.

NOTE 12: INTERFUND RECEIVABLES AND PAYABLES

The following interfund balances remained on the balance sheets at December 31, 2007:

<u>FUND</u>	<u>INTERFUND RECEIVABLE</u>	<u>INTERFUND PAYABLE</u>
Current	\$6,264.04	\$1,724,834.77
Federal and State Grant	37,590.42	79,000.00

Payroll		3,008.94
Payroll Agency		1,400.00
	<u>5,320,561.08</u>	<u>5,320,561.08</u>

All balances resulted from the time lag between the dates that payments between the funds are made.

NOTE 13: DEFERRED SCHOOL TAXES

New Jersey statutes provide for the deferral of liability for not more than 50% of the annual levy when school taxes are raised on a school year basis and such taxes have not been requisitioned by the school district.

School Tax Payable	<u><u>\$0.00</u></u>	<u><u>\$0.00</u></u>

NOTE 14: DEFERRED CHARGES TO BE RAISED IN SUCCEEDING BUDGETS

Certain expenditures are required to be deferred to budgets of succeeding years. At December 31, 2007, the following deferred charges are shown on the balance sheets of the various funds:

	BALANCE DECEMBER <u>31, 2007</u>	2008 BUDGET <u>APPROPRIATION</u>
Sewer Utility Operating:		
Deficit in Operations	<u>\$3,045.29</u>	<u>\$3,045.29</u>

The appropriations in the 2008 Budget are not less than that required by statute.

NOTE 15: SUBSEQUENT EVENTS:

On February 28, 2008 the Borough of Washington issued \$5,590,000 in General Obligation Bonds and \$728,000 in Sewer Bonds at variable interest rates maturing annually through 2018. The proceeds of the bonds will be used to fund outstanding bond anticipation notes and to fund unfinanced portions of various capital projects.

NOTE 16: RECENT ACCOUNTING PRONOUNCEMENT – GASB 45

Commencing with the fiscal year ending December 31, 2008 the Borough will be required to implement the note disclosure provision of GASB Statement 45, "Accounting and Financial Reporting by Employers for Post Employment Benefits Other Than Pension." This statement which was adopted during 2004 by the Governmental Accounting Standard Board (GASB) requires the Borough to disclose in the notes of the financial statements the future cost of the other post employment benefits (OPEB) on a present value basis instead of the present pay as you go method. OPEB obligations are non-pension benefits that the Borough has contractually agreed to provide employees once they have retired and, in most instances, will be for retirement health, prescription or dental insurance coverage. The impact on the Borough's financial position or results of operation, if any, cannot be readily determined at this time; however, under current New Jersey budget and financial reporting requirements, the Borough will not have to provide any amounts in excess of their current cash costs or recognized any long-term obligations on their balance sheets.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND
OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS

The Honorable Mayor and Members
of the Borough Council
Borough of Washington
County of Warren
Washington, New Jersey 07882

We have audited the accompanying financial statements - statutory basis of the Borough of Washington, County of Warren, New Jersey as of and for the year ended December 31, 2007, and have issued our report thereon dated April 25, 2008. Our report disclosed that, as described in Note 1 to the financial statements, the Borough of Washington prepares its financial statements on a basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, that demonstrates compliance with a modified accrual basis and the budget laws of the State of New Jersey, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles. We conducted our audit in accordance with U.S. generally accepted auditing standards, audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Borough of Washington's internal control over financial reporting as a basis for designing our audit procedures for the purpose of expressing our opinion on the financial statements but not for the purpose of expressing an opinion on the effectiveness of the Borough of Washington's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Borough of Washington's internal control over financial reporting.

SUPLEE, CLOONEY & COMPANY

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with the statutory basis of accounting prescribed by the Division of Local Government Services, Department of Local Government Services, Department of Community Affairs, State of New Jersey such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses as defined above. However, we noted immaterial matters involving the internal control structure and its operations which are discussed in Part III, General Comments and Recommendations Section of this report.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Borough of Washington's financial statements - statutory basis are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards

This report is intended solely for the information of the Borough of Washington, County of Warren, New Jersey, the Division of Local Government Services and federal and state audit agencies, and is not intended to be and should not be used by anyone other than these specified parties. However, we noted immaterial instances of noncompliance which are discussed in Part III, General Comments and Recommendations Section of this report.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE
WITH REQUIREMENTS APPLICABLE TO MAJOR STATE
FINANCIAL ASSISTANCE PROGRAMS AND
INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE
WITH NJ OMB CIRCULAR 04-04

The Honorable Mayor and Members
of the Borough Council
Borough of Washington
County of Warren
Washington, New Jersey 07882

Compliance

We have audited the compliance of the Borough of Washington, County of Warren, with the types of compliance requirements described in the State of New Jersey, Department of Treasury, Office of Management and Budget's State Grant Compliance Supplement that is applicable to each of its major state programs for the year ended December 31, 2007. The Borough of Washington's major state programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major state programs is the responsibility of the Borough of Washington's management. Our responsibility is to express an opinion on the Borough of Washington's compliance based on our audit.

We conducted our audit of compliance in accordance with U.S. generally accepted auditing standards; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey and the provisions of U.S. Office of Management and Budget (OMB) Circular A-133 "Audits of States, Local Governments and Non-Profit Organizations" and State of New Jersey OMB Circular 04-04, "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid." Those standards and provisions require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred. An audit includes examining, on a test basis, evidence about the Borough of Washington's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Borough of Washington's compliance with those requirements.

SUPLEE, CLOONEY & COMPANY

In our opinion, the Borough of Washington complied, in all material respects, with the requirements referred to above that are applicable to each of its major state programs for the year ended December 31, 2007.

Internal Control Over Compliance

The management of the Borough of Washington is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to state programs. In planning and performing our audit, we considered the Borough of Washington's internal control over compliance with requirements that could have a direct and material effect on a major state program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance.

A control deficiency in the Borough's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a state program on a timely basis. A significant deficiency is a control deficiency, or combination of a control deficiencies, that adversely affects the Borough's ability to administer a state program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a state program that is more than inconsequential will not be prevented or detected by the Borough's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a state program will not be prevented or detected by the Borough's internal control.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended for the information of the Borough of Washington, County of Warren, New Jersey, the Division of Local Government Services and federal and state audit agencies and is not intended to be and should not be used by anyone other than these specified parties.

GENERAL COMMENTS AND RECOMMENDATIONS

GENERAL COMMENTS

CONTRACTS AND AGREEMENTS REQUIRED TO BE
ADVERTISED FOR (N.J.S.A. 40A:11-4)

Every contract or agreement for the performance of any work or the furnishing or hiring of any materials or supplies, the cost or the contract price whereof is to be paid with or out of public funds, not included within the terms of Section 3 of this act, shall be made or awarded only by the governing body of the contracting unit after public advertising for bids and bidding therefor, except as is provided otherwise in this act or specifically by any other law. No work, materials or supplies shall be undertaken, acquired or furnished for a sum exceeding in the aggregate the amount set forth in or the amount calculated by the Governor pursuant to Section 3 of P.L. 1971 c.198 (C.40A:11-3), except by contract or agreement.

Effective July 1, 2005, the bid threshold in accordance with N.J.S.A. 40A:11-4 is \$21,000.00.

The governing body of the Municipality has the responsibility of determining whether the expenditures in any category will exceed \$21,000.00 within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Solicitor's opinion should be sought before a commitment is made.

The minutes indicate that bids were requested by public advertising for the following items:

Water Meter Pit
DPW Garage
Swimming Pool Improvements

The minutes indicate that resolutions authorizing contracts or agreements for "Professional Services" were awarded during 2007 for the following professional services:

Municipal Auditor
Municipal Prosecutor
Engineering Services
Public Defender
Municipal Attorney
Risk Management

CONTRACTS AND AGREEMENTS REQUIRED TO BE
ADVERTISED FOR (N.J.S.A. 40A:11-4) (CONTINUED)

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the result of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear cut violations existed. Our examination of expenditures revealed that payments in excess of \$21,000.00 were made for the purchase of rock salt with no evidence of bidding procedures or waiving of the bidding requirements were authorized by the governing body.

COLLECTION OF INTEREST ON
DELINQUENT TAXES AND ASSESSMENTS

The statute provides the method for authorizing interest and the maximum rates to be charged for the nonpayment of taxes or assessments on or before the date when they would become delinquent.

The governing body on January 2, 2007 adopted the following resolution authorizing interest to be charged on delinquent taxes:

"WHEREAS, taxes are payable in quarterly installments on February 1st, May 1st, August 1st and November 1st in each year, and installments become delinquent if not paid on or before those dates.

"BE IT THEREFORE RESOLVED, that Council does hereby authorize an interest charge not to exceed eight (8%) percent per annum on the first \$1,500.00 of the delinquency and eighteen (18%) percent per annum on any amount in excess of \$1,500.00 upon all delinquent installments; and

BE IT ALSO RESOLVED, that Council does hereby authorized a penalty to be charged to a taxpayer with a delinquency in excess of \$10,000.00 who fails to pay that delinquency prior to the end of the calendar year. The penalty so fixed shall not exceed six (6%) percent of the amount of the delinquency.

BE IT FURTHER RESOLVED, that any installments received after the expiration of the grace period, and such grace period shall be the period starting with the second day and ending on the ten (10th) day of the month in which taxes are due, shall bear interest at the applicable interest rate from the original due date.

BE IT FURTHER RESOLVED, that the Tax Collector of the Borough of Washington is hereby authorized to conduct the annual sale of delinquent taxes for the Calendar Year of 2007.

It appears from an audit of the Collector's records that interest was collected in accordance with the foregoing resolutions.

DELINQUENT TAXES AND TAX TITLE LIENS

The last tax sale was held on October 25, 2007 and was complete.

Inspection of tax sale certificates on file revealed that all tax sale certificates were available for audit.

The following comparison is made of the number of tax title liens receivable on December 31 of the last three years:

<u>YEAR</u>	<u>NUMBER OF LIENS</u>
2007	14
2006	14
2005	15

It is essential to good management that all means provided by statute be utilized to liquidate tax title liens in order to get such properties back on a taxpaying basis.

CONFIRMATION OF DELINQUENT TAXES AND OTHER CHARGES

A confirmation of delinquent charges and current payments was made in accordance with the regulations of the Division of Local Government Services, including the mailing of verification notices as follows:

<u>TYPE</u>	<u>NUMBER MAILED</u>
Payments of 2008 Taxes	25
Payments of 2007 Taxes	25
Delinquent Taxes	15
Payments of Sewer Charges	20
Delinquent Sewer Charges	20

OTHER COMMENTS

Interfunds

Reference to the various balance sheets show interfund balances remaining at year end. Transactions invariably occur in one fund which requires a corresponding entry to be made in another fund, thus creating interfund balances. As a general rule all interfund balances should be closed out as of the end of year.

It is the Borough's policy to review and liquidate all interfund balances on a periodic basis.

OTHER COMMENTS (CONTINUED)

Treasurer

The Borough does not have on file written approval from the Director of the Division of Local Government Services permitting the expenditures of various trust funds (EXHIBIT "B-5") as dedicated revenue.

Our audit revealed that various grant receivable and reserve balances in the Grant Fund have remained inactive for the past several years.

Monthly reconciliations and reviews between the balances in the general ledger and various subsidiary records are not being performed. These reconciliations and reviews serve as a check and balance on the accuracy of the financial information recorded in the general ledger. Any differences noted should be fully investigated and necessary adjustments recorded timely.

Purchasing

Purchases were made for items in excess of the bid threshold without proof of bid or by resolution or approval of the Borough Council per N.J.A.C. 5:34-1.2.

Fixed Assets

The General Fixed Asset Ledger was not currently maintained to reflect purchases, retirement or sale of general fixed assets.

Payroll

The balance on deposit in the payroll agency account was not analyzed on a monthly basis.

OTHER DEPARTMENTS

The audit of the condition of records maintained by the various departments of the Borough were designed to determine whether minimum levels of internal controls and accountability were maintained, that cash receipts were deposited or turned over to the Treasurer within 48 hours per N.J.S.A. 40A:5-15 and that the amounts collected were in accordance with various ordinances, statutes, contracts or agreements. Our audit revealed the following exceptions:

Planning Board Department

The Borough's Planning Board Department does not utilize a uniform system of bookkeeping for their financial activities. Cash receipts records are not maintained independently of the Treasurer's office.

RECOMMENDATIONS

*That written approval from the Director of the Division of Local Government Services be obtained for all funds expended as dedicated revenue.

*That grant balances which are inactive be reviewed and properly liquidated by cancellation or utilized.

That general ledger account balances be reviewed and reconciled to supporting records on a monthly basis.

That the General Fixed Asset Ledger be currently maintained.

That a detailed analysis of the balance on deposit in the payroll agency account be prepared on a monthly basis.

*That all purchases made in excess of the bid threshold be approved by the governing body.

That uniform bookkeeping procedures be established for the maintaining of financial records by the Planning Board Department.
