INDEPENDENT AUDITOR'S REPORT

May 12, 2011

The Honorable Mayor and
Members of the Borough Council
Borough of Washington
100 Belvidere Avenue
Washington, New Jersey 07882

We have audited the accompanying balance sheet - regulatory basis of the various funds and account group of the Borough of Washington in the County of Warren, as of and for the year ended December 31, 2010 and 2009 and the related statements of operations and changes in fund balance - regulatory basis for the year then ended, and the related statement of revenues - regulatory basis and statement of expenditures - regulatory basis of the various funds for the years ended December 31, 2010. These financial statements are the responsibility of the Borough's management. Our responsibility is to express an opinion on these financial statements based on our audit.

Except as discussed below, we conducted our audit in accordance with auditing standards generally accepted in the United States of America, the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, and the standards applicable to financial audit contained in Government Auditing Standards issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Borough's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1, these financial statements were prepared in conformity with accounting practices prescribed or permitted by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, that demonstrates compliance with the modified accrual basis, with certain exceptions, and the budget laws of New Jersey, which practices differ from accounting principles generally accepted in the United States of America. The affect on the financial statements of the variances between the prescribed basis of accounting and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

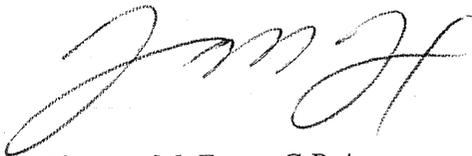

The Honorable Mayor and
Members of the Borough Council
May 12, 2011
Page 2

In our opinion, because of the Borough of Washington's policy to prepare its financial statements on the basis of accounting discussed in the preceding paragraph, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the Borough of Washington, New Jersey as of December 31, 2010 and 2009 or the results of its operation for the years then ended.

However, in our opinion, the financial statements referred to above present fairly, in all material respects, the financial position - regulatory basis of the various funds and account group of the Borough of Washington, New Jersey at December 31, 2010, and the results of its operations and the changes in fund balance - regulatory basis of such funds for the year then ended and the statement of revenues - regulatory basis, and statement of expenditures - regulatory basis for the years ended December 31, 2010, and 2009, on the basis of accounting described in Note 1.

In accordance with the Government Auditing Standards, we have also issued a report dated May 12, 2011 on our consideration of the Borough of Washington, New Jersey internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Our audit was conducted for the purpose of forming an opinion on the financial statements of the Borough of Washington, State of New Jersey, taken as a whole. The accompanying supplementary information, schedules and exhibits listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements of the Borough of Washington, State of New Jersey. Such information has been subject to auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly presented in all material respects, in relation to the financial statements taken as a whole, on the basis of accounting described in Note 1.

BOROUGH OF WASHINGTON, N.J.

**NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2010 AND 2009**

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The GASB Codification establishes seven fund types and two account groups to be used by governmental units when reporting financial position and results of operations in accordance with generally accepted accounts principles (GAAP).

The financial statements of the Borough of Washington have been prepared in conformity with accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division") which is a comprehensive basis of accounting other than generally accepted accounting principles. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Borough accounts for its financial transactions through the following separate funds which differ from the fund structure required by GAAP.

A. Reporting Entity

The Borough of Washington (the "Borough") is an instrumentality of the State of New Jersey, established to function as a municipality. The Borough Council consists of elected officials and is responsible for the fiscal control of the Borough.

Except as noted below, the financial statements of the Borough of Washington include every board, body, officer or commission supported and maintained wholly or in part by funds appropriated by the Borough of Washington, as required by N.J.S.A. 40A:5-5. Accordingly, the financial statements of the Borough of Washington do not include operations of the library, first aid squads, local or regional school districts, inasmuch as their activities are administered by separate boards.

GASB has issued Statement No. 14 which requires the financial reporting entity to include both the primary government and those component units for which the primary government is financially accountable. Financial accountability is defined as appointment of a voting majority of the component unit's board, and either a) the ability to impose will, by the primary government, or b) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the primary government.

However, the municipalities in the State of New Jersey do not prepare financial statements in accordance with GAAP and thus do not comply with all of the GASB pronouncements. The financial statements contained herein include only those boards, bodies, officers or commissions as required by NJS 40A:5-5. Accordingly, the financial statements of the Borough do not include the volunteer Fire Department which is considered a component unit under GAAP. Complete financial statements of the above components can be obtained by contacting the Treasurer of the respective entity.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Basis of Accounting

The Borough uses funds, as required by the Division, to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial administration by segregating transactions related to certain Borough functions or activities. An account group, on the other hand, is designed to provide accountability for certain assets and liabilities that are not recorded in those Funds.

The Borough has the following funds and account groups:

Current Fund - This fund accounts for resources and expenditures for governmental operations of a general nature, including Federal and State grants.

Trust Funds - Trust Funds are used to account for assets held by the government in a trustee capacity. Funds held by the Borough as an agent for individual, private organizations, or other governments are recorded in the Trust Funds.

Other Trust Fund - This fund is established to account for the assets and resources which are also held by the Borough as a trustee or agent for individuals, private organizations, other governments and/or other funds.

Animal Control Trust Fund - This fund is used to account for fees collected from dog and cat licenses and expenditures which are regulated by NJS 4:19-15.11.

General Capital Fund - This fund is used to account for the receipt and disbursement of funds used for acquisition or improvement of general capital facilities, other than those acquired in the Current Fund.

Sewer Utility Operating and Sewer Capital Fund - This fund was used to account for the operations and acquisition of capital facilities of the municipally owned Sewer Utility.

Public Assistance Fund - This fund is used to account for the receipt and disbursement of funds that provide assistance to certain residents of the Borough pursuant to Title 44 of New Jersey Statutes.

General Fixed Assets Account Group - To account for all fixed assets of the Borough. The Borough's infrastructure is not reported in the group.

B. Basis of Accounting (continued)

Basis of Accounting

A modified accrual basis of accounting is followed by the Borough of Washington. Under this method of accounting revenues, except State/Federal Aid, are recognized when received and expenditure are recorded, when incurred. The accounting principles and practices prescribed for municipalities by the Division differ in certain respects from generally accepted accounting principles (GAAP) applicable to local government units. The more significant differences are as follows:

Property Tax Revenues - Real property taxes are assessed locally, based upon the assessed value of the property. The tax bill includes a levy for Municipal, County and School purposes. The bills are mailed annually in June for that calendar year's levy. Taxes are payable in four quarterly installments on February 1, May 1, August 1, and November 1. The amounts of the first and second installments are determined as one quarter of the total tax levied against the property for the preceding year. The installment due the third and fourth quarters is determined by taking the current year levy less the amount previously charged for the first and second installments, with the remainder being divided equally. If unpaid on these dates, the amount due becomes delinquent and subject to interest at 8% per annum, or 18% on any delinquency amount in excess of \$1,500. The school levy is turned over to the Board of Education as expenditures are incurred, and the balance, if any, must be transferred as of June 30, of each fiscal year. County taxes are paid quarterly on February 15, May 15, August 15 and November 15, to the County by the Borough. When unpaid taxes or any municipal lien, or part thereof, on real property, remains in arrears on April first in the year following the calendar year levy when the same became in arrears, the collector in the municipality shall subject to the provisions of the New Jersey Statutes enforce the lien by placing the property on a tax sale. Annual in rem tax foreclosure proceedings are instituted to enforce the tax collection or acquisition of title to the property by the Borough. In accordance with the accounting principles prescribed by the State of New Jersey, current and delinquent taxes are realized as revenue when collected. Since delinquent taxes and liens are fully reserved, no provision has been made to estimate that portion of the taxes receivable and tax title liens that are uncollectible. GAAP requires tax revenues to be recognized in the accounting period when they become susceptible to accrual, reduced by an allowance for doubtful accounts.

Miscellaneous Revenues - Miscellaneous revenues are recognized on a cash basis. Receivables for the miscellaneous items that are susceptible to accrual are recorded with offsetting reserves on the balance sheet of the Borough's Current Fund, and Sewer Operating Fund. GAAP requires such revenues to be recognized in the accounting period when they become susceptible to accrual.

BOROUGH OF WASHINGTON, NJ

YEARS ENDED DECEMBER 31, 2010 AND 2009

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Basis of Accounting (continued)

Grant Revenues - Federal and State grants, entitlements or shared revenues received for purposes normally financed through the Current Fund are recognized when anticipated in the Borough's budget. GAAP requires such revenues to be recognized in the accounting period when they become susceptible to accrual.

Budgets and Budgetary Accounting

An annual budget is required to be adopted and integrated into the accounting system to provide budgetary control over revenues and expenditures for the Current Fund, and Sewer Operating Fund. Budget amounts presented in the accompanying financial statements represent amounts adopted by the Borough and approved by the State Division of Local Government Services per N.J.S.A. 40-A:4 et seq.

The Borough is not required to adopt budgets for the following funds:

Animal Control Trust Fund
General Capital Fund

Public Assistance Fund Trust Fund
Sewer Capital Fund

The governing body shall introduce and approve the annual budget not later than February 10, of the fiscal year. The budget shall be adopted not later than March 20, and prior to adoption must be certified by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. The Director of the Division of Local Government Services, with the approval of the Local Finance Board may extend the introduction and approval and adoption dates of the municipal budget. The budget is prepared by fund, function, activity and line item (salary or other expense) and includes information on the previous year. The legal level of control for appropriations is exercised at the individual line item level for all operating budgets adopted. Emergency appropriations, those made after the adoption of the budget and determination of the tax rate, may be authorized by the governing body of the municipality. During the last two months of the fiscal year, the governing body may, by a 2/3 vote, amend the budget through line item transfers. Management has no authority to amend the budget without the approval of the Governing Body. Expenditures may not legally exceed budgeted appropriations at the line item level. During the year several budget transfers were approved by the governing body.

Expenditures - Are recorded on the "budgetary" basis of accounting. Generally, expenditures are recorded when an amount is encumbered for goods or services through the issuance of a purchase order in conjunction with an encumbrance accounting system. Outstanding encumbrances at December 31, are reported as a cash liability in the financial statements. Unexpended or uncommitted appropriations, at December 31, are reported as expenditures through the establishment of appropriation reserves unless canceled by the governing body. GAAP requires expenditures to be recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on general long-term debt, which should be recognized when due.

BOROUGH OF WASHINGTON, NJ

YEARS ENDED DECEMBER 31, 2010 AND 2009
(CONTINUED)**

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Basis of Accounting (continued)

Encumbrances - Contractual orders outstanding at December 31, are reported as expenditures through the establishment of an encumbrance payable. Encumbrances do not constitute expenditures under GAAP.

Appropriation Reserves - Are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding year. Lapsed appropriation reserves are recorded as additions to income. Appropriation reserves do not exist under GAAP.

Compensated Absences - Expenditures relating to obligations for unused vested accumulated vacation and sick pay are not recorded until paid. GAAP requires that the amount that would normally be liquidated with expendable available financial resources be recorded as an expenditure in the operating funds and the remaining obligations be recorded as a long-term obligation.

Property Acquired for Taxes - Is recorded in the Current Fund at the assessed valuation when such property was acquired and fully reserved. GAAP requires such property to be recorded in the General Fixed Assets Account Group at market value on the date of acquisition.

Interfunds - Interfund receivables in the Current Fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves. GAAP does not require the establishment of an offsetting reserve.

Inventories - The costs of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various balance sheets.

Cash and Investments - Cash includes amounts in demand deposits as well as short-term investments with a maturity date within one year of the date acquired by the government. Investments are stated at cost and are limited by NJSA 40A:5-15.1(a).

Deferred Charges to Future Taxation Funded and Unfunded - Upon the authorization of capital projects, the Borough establishes deferred charges for the costs of the capital projects to be raised by future taxation. Funded deferred charges relate to permanent debt issued, whereas unfunded deferred charges relate to temporary or non-funding of the authorized cost of capital projects. According to N.J.S.A. 40A:2-4, the Borough may levy taxes on all taxable property within the local unit to repay the debt. Annually, the Borough raises the debt requirements for that particular year in the current budget. As the funds are raised by taxation, the deferred charges are reduced.

B. Basis of Accounting (continued)

Comparative Data - Comparative data for the prior year has been presented in the accompanying balance sheets and statements of operations in order to provide an understanding of changes in the Borough's financial position and operations. However, comparative data have not been presented in all statements because their inclusion would make certain statements unduly complex and difficult to understand.

Use of Estimates - The preparation of financial statements requires management of the Borough to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

General Fixed Assets - The Borough of Washington has developed a fixed asset accounting and reporting system, as promulgated by the Division of Local Government Services, which differs from generally accepted accounting principles

Fixed Assets used in Governmental operations (general fixed assets) are accounted for in the General Fixed Assets Account Group. Public domain (infrastructure) general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets sidewalks and drainage systems are not capitalized.

All fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available.

No depreciation has been provided for in the financial statements.

Expenditures for construction in progress are recorded in the Capital funds until such time as the construction is completed and put into operation.

Fixed assets acquired through grants in aid or contributed capital have not been accounted for separately.

GAAP requires that all fixed assets be capitalized at historical cost or estimated historical cost if actual historical cost is not available.

C. Basic Financial Statements

The GASB Codification also defines the financial statements of a governmental unit to be presented in the general purpose financial statements to be in accordance with GAAP. The Borough presents the financial statements listed in the table of contents which are required by the Division and which differ from the financial statements required by GAAP. In addition, the Division requires the financial statements listed in the table of contents to be referenced to the supplementary schedules. This practice differs from GAAP.

NOTE 2: BUDGETARY INFORMATION

Under New Jersey State Statutes, the annual budget is required to be a balanced cash basis document. To accomplish this, the municipality is required to establish a reserve for uncollected taxes. The 2010 statutory budget included a reserve for uncollected taxes in the amount of \$882,990.60. To balance the budget, the municipality is required to show a budgeted fund balance. The amount of fund balance budgeted to balance the 2010 statutory budget was \$130,000.00.

Interdepartment budget transfers are not permitted prior to November 1. After November 1, budget transfers can be made in the form of a resolution and approved by the Borough Council.

N.J.S.A. 40A:4-87 permits special items of revenue and appropriations to be inserted into the annual budget when the item has been made available by any public or private funding source and the item was not determined at the time of budget adoption. There were items of revenue and appropriation inserted into the annual budget for 2010; Clean Communities Grant for \$12,190.00; Small Cities Grant for \$110,364.00 and Body Armor Replacement Fund for \$817.43.

The municipality may make emergency appropriations, after the adoption of the budget, for a purpose which was not foreseen at the time the budget was adopted or for which adequate provision was not made therein. This type of appropriation shall be made to meet a pressing need or public expenditure to protect or promote the public health, safety, morals or welfare or to provide temporary housing or public assistance prior to the next succeeding fiscal year. Emergency appropriations, except those classified as a special emergency, must be raised in the budgets of the succeeding year. Special emergency appropriations are permitted to be raised in the budgets of the succeeding three or five years. During 2010, there were no special emergency appropriations.

NOTE 4: MUNICIPAL DEBT

The Local Bond law governs the issuance of bonds and notes to finance capital expenditures. General obligation bonds have been issued for the general capital fund. All bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the Borough are general obligation bonds, backed by the full faith and credit of the Borough. Bond anticipation notes, which are issued to temporarily finance capital projects, must be paid off within ten years and five months or retired by the issuance of bonds.

The Borough's debt is summarized as follows:

NOTE 5: BOND ANTICIPATION NOTES

The Borough issues bond anticipation notes to temporarily fund various capital projects prior to the issuance of serial bonds. The term of the notes cannot exceed one year but the notes may be renewed from time to time for a period not exceeding one year. Generally, such notes must be paid no later than the first day of the fifth month following the close of the tenth fiscal year following the date of the original notes. The State of New Jersey also prescribes that on or before the third anniversary date of the original note, a payment of an amount at least equal to the first legally payable installment of the bonds in anticipation of such notes were issued be paid or retired. A second and third legal installment must be paid if the notes are to be renewed beyond the fourth and fifth anniversary date of the original issuance.

On December 1, 2010, the Borough had \$2,965,346.00 in Outstanding General Capital Bond Anticipation Notes. This note will mature on March 11, 2011 and it is the intent of the Borough Council to renew this note for another one year period. The current interest rate on this note is 1.75%. Principal and interest on this note is paid from the Current Fund budget of the Borough. The Borough renewed this note on February 25, 2011 with the exception of \$120,450.05 that was not renewed on over-funded ordinances payable to PNC Bank with an interest rate of 1.78%.

NOTE 10: PENSION PLANS

Description of Systems:

Substantially all of the Borough's employees participate in one of the following contributory defined benefit public employee retirement systems which have been established by State statute: the Police and Firemens' Retirement System (PFRS) or the Public Employees' Retirement System (PERS). These systems are sponsored and administered by the State of New Jersey. The Public Employees' Retirement System and the Police and Firemens' Retirement System (PFRS) are considered a cost sharing multiple-employer plans. According to the State of New Jersey Administrative Code, all obligations of the systems will be assumed by the State of New Jersey should the systems terminate.

Public Employees' Retirement System (PERS)

The Public Employees' Retirement System was established in January, 1955 under the provisions of N.J.S.A. 43:15A to provide coverage including post-retirement health care to substantially all full time employees of the State or any county, municipality, school district or public agency provided the employee is not required to be a member of another State-administered retirement system. Membership is mandatory for such employees and vesting occurs after 8-10 years of service and 25 years for health care coverage. Members are eligible for retirement at age 60 with an annual benefit generally determined to be 1/55th of the average annual compensation for the highest three fiscal years' compensation for each year of membership during years of creditable service. Early retirement is available to those under age 60 with 25 or more years of credited service. Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on contributions. In case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

Chapter 103, P.L. 2007 amended the early retirement reduction formula for members hired on or after July 1, 2007 and retiring with 25 years of service to be reduced by 1% for every year between age 55 and 60, plus 3% for every year under age 55.

Chapter 89, P.L. 2008 increased the PERS eligibility age for unreduced benefits from age 60 to age 62 for members hired on or after November 1, 2008; increased the minimum annual compensation required for membership eligibility for new members. Also, it amended the early retirement reduction formula for members hired on or after November 1, 2008 and retiring with 25 years of service to be reduced by 1% for every year between age 55 and 62, plus 3% for every year under age 55.

Chapter 1, P.L. 2010, effective May 21, 2010, changed the membership eligibility criteria for new members of PERS from the amount of compensation to the number of hours worked weekly. Also, it returned the benefit multiplier for new members of PERS to 1/60 from 1/55, and it provided that new

members of PERS have the retirement allowance calculated using the average annual compensation for the last five years of service instead of the last three years of service. New members of PERS will no longer receive pension service credit from more than one employer. Pension service credit will be earned for the highest paid position only. This law also closed the Prosecutors Part of the PERS to new members and repealed the law for new members that provided a non-forfeitable right to receive a pension based on the laws of the retirement system in place at the time 5 years of pension service credit is attained. The law also requires the State to make its full pension contribution, defined as 1/7th of the required amount, beginning in fiscal year 2012.

Chapter 3, P.L. 2010, effective May 21, 2010, replaced the accidental and ordinary disability retirement for new members of PERS with disability insurance coverage similar to that provided by the State to individuals enrolled in the State's Defined Contribution Retirement Program.

Police and Firemens' Retirement System (PFRS)

The Police and Firemens' Retirement System was established in July 1944 under the provisions of N.J.S.A. 43:16A to provide retirement, death and disability benefits to its members. Membership is mandatory for all full time county and municipal police and firemen, and state firemen or officer employees with police powers appointed after June 30, 1944.

The Police and Firemens' Retirement System was established in July 1944 under the provisions of N.J.S.A. 43:16A to provide retirement, death and disability benefits to its members. Membership is mandatory for all full time county and municipal police and firemen, and state firemen or officer employees with police powers appointed after June 30, 1944.

Enrolled members of the Police and Firemens' Retirement System may retire at age 55 with no minimum service requirement. The annual allowance is equal to 2% of the members' final compensation for each year of service up to 30 years, plus 1% of each year of creditable service over 30 years. Final compensation equals the compensation for the final year of service prior to retirement. Special retirement is permitted to members who have 25 or more years of creditable service in the system. Benefits fully vest on reaching 10 years of service. Members are always fully vested for their own contributions. In the case of death before retirement, members' beneficiaries are entitled to full payment of members' contributions.

Description of Systems, (continued)

Police and Firemen's Employees' Retirement System (PFRS)

Chapter 1, P.L. 2010, effective May 21, 2010, eliminated the provision in PFRS that would permit a member to retire, at any age after 25 years of service credit, on a special retirement allowance of 70% of final compensation after the retirement system reaches a funded level of 104%. Also, for new members of PFRS, the law capped the maximum compensation that can be used to calculate a pension from the plan at the annual wage contribution base for Social Security, and requires the pension to be calculated using a three year average annual compensation instead of the last year's salary.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues publicly available financial reports that include the financial statements and required supplementary information for PERS and PFRS. The financial reports may be obtained by writing to the State of New Jersey, Department of the Treasury, Divisions of Pensions and Benefits, P.O. Box 295, Trenton, NJ 08625-0295.

Significant Legislation

On March 17, 2009, the legislative of the State of New Jersey enacted Public Laws 2009, c.19(S-21) the "Pension Deferral Program". This law allows the Division of Pensions and Benefits to provide non-state government pension system employers the option of paying their full amount, or an amount that reflects a 50 percent reduction of the normal and accrued liability component of the Public Employees' Retirement System and/or the Police and Firemen's Retirement System obligation for payment due to the State Fiscal Year ending June 30, 2009. The amount deferred will be repaid starting in April 2012 over a 15-year period at 8¼ percent. The amount will fluctuate based on pension system investment earnings on the deferred amount. The local employer is allowed to payoff the obligation at any time prior to April 2012.

The Borough has opted not to defer.

Contribution Requirements

The contribution policy is set by laws of the State of New Jersey and, in most retirement systems, contributions are required by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. The pension funds provide for employee contributions based on 5.0% for PERS and 8.5% for PFRS of the employee's annual compensation, as defined through June 30, 2007. Under Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007, the PERS and employee contribution rate will increase to 5.5 percent effective July 1, 2007. Employers are required to contribute at an actuarially determined rate in all Funds except the SACT. The actuarially determined employer contribution includes funding for cost-of-living adjustments and noncontributory death benefits in the PERS and PFRS. In the PERS and PFRS, the employer contribution includes funding for post-retirement medical premiums.

Defined Contribution Retirement Program

The Defined Contribution Retirement Program (DCRP) was established on July 1, 2007 for certain public employees under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007. The program provides eligible members, with a minimum base salary of \$1,500 or more, with a tax-sheltered, defined contribution retirement benefit, in addition to life insurance and disability coverage. The DCRP is jointly administered by the Division of Pensions and Benefits and Prudential Financial.

If the eligible elected or appointed official will earn less than \$5,000 annually, the official may choose to waiver participation in the DCRP for that office or position. The waiver is irrevocable.

This retirement program is a new pension system where the value of the pension is based on the amount of the contribution made by the employee, employer and through investment earnings. It is similar to a Deferred Compensation Program where the employee has a portion of tax deferred salary placed into an account that the employee manages through investment option provided by the employer.

The law requires that three classes of employees enroll in the DCRP detailed as follows:

All elected officials taking office on or after July 1, 2007, except that a person who is reelected to an elected office held prior to that date without a break in service may retain in the PERS. A Governor appointee with advice and consent of the Legislature or who serves at the pleasure of the Governor only during that Governor's term of office.

Other employees commencing service after July 1, 2007, pursuant to an appointment by an elected official or elected governing body which include the statutory untenured Chief Administrative Officer such as the Business Administrator, County Administrator, or Municipal or County Manager, Department Heads, Legal Counsel, Municipal or County Engineer, Municipal Prosecutor and the Municipal Court Judge.

Notwithstanding the foregoing requirements, other employees who hold a professional license or certificate or meet other exceptions are permitted to join or remain in PERS.

NOTE 11: ACCRUED SICK AND VACATION BENEFITS

The Borough of Washington has permitted employees to accrue unused sick pay, which may be taken as time off or paid at a later date at an agreed upon rate. It is estimated that the current cost of such unpaid compensation would be approximately \$212,691.26. This amount is not reported either as an expenditure or liability. However, it is expected that the cost of such unpaid compensation would be included in the Borough's budget operating expenditures in the year in which it is used.

NOTE 12: CASH, CASH EQUIVALENTS AND INVESTMENTS

Cash

Custodial Credit Risk - Deposits

Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The Borough's policy is based on New Jersey Statutes requiring cash be deposited only in New Jersey based banking institutions that participate in New Jersey Governmental Depository Protection Act (GUDPA) or in qualified investments established in New Jersey Statutes 40A:5-15.1(a) that are treated as cash equivalents. As of December 31, 2010, \$-0- of the Borough's bank balance of \$4,863,101.64 was exposed to custodial credit risk.

Investments

Investment Rate Risk

The Borough does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. However, New Jersey Statutes 40A:5-15.1(a) limits the length of time for most investments to 397 days.

Credit Risk

New Jersey Statutes 40A:5-15.1(a) limits municipal investments to those specified in the Statutes. The type of allowance investments are Bonds of the United States of America, bonds or other obligations of the towns or bonds or other obligations of the local unit or units within which the Borough is located; obligations of federal agencies not exceeding 397 days; government money market mutual funds; the State of New Jersey Cash Management Plan; local government investment pools; or repurchase of fully collateralized securities.

Concentration of Credit Risk

The Borough places no limit on the amount the Borough may invest in any one issuer.

NOTE 13: RISK MANAGEMENT

The Borough is exposed to various risks of loss related to general liability, automobile coverage, damage and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Borough has obtained insurance coverage to guard against these events which will provide minimum exposure to the Borough should they occur. During the 2010 calendar year, the Borough did not incur claims in excess of their coverage and the amount of coverage did not significantly decrease.

NOTE 14: PUBLIC ASSISTANCE

The Borough of Washington has elected to have the County of Warren process all public assistance granted to the residents. Therefore, the Borough of Washington no longer has a public assistance director.

NOTE 15: HEALTH INSPECTIONS

The Borough of Washington has elected to have the County of Warren, Department of Health, do all the health inspections. Therefore, the Borough does not have a health inspector.

NOTE 16: DUE TO/FROM OTHER FUNDS

Balances due to/from other funds at December 31, 2010 consist of the following:

\$8,175.20	Due to Current Fund from Animal Control Trust Fund for interest earned and statutory excess.
51,351.81	Due to Current Fund from General Capital Fund for receipts and disbursements in the Current Fund.
2,392.92	Due to Federal and State Grant Fund from Current Fund for cash receipts in the Current Fund.
129.57	Due to Current Fund from Sewer Operating Fund for cash receipts and disbursements in the Current Fund.
4,206.69	Due to Other Trust Fund from Current Fund for cash receipts in the Current Fund.

NOTE 16: DUE TO/FROM OTHER FUNDS (CONTINUED)

\$ 899,612.30	Due to General Capital Fund from the Sewer Capital Fund for cash receipts and disbursements.
250,000.00	Due to Sewer Operating Fund from General Capital Fund for cash receipts in the General Fund.
<u>0.44</u>	Due to Sewer Operating Fund from Sewer Capital Fund for interest earned.
<u>\$1,215,868.93</u>	

It is anticipated that all interfunds will be liquidated during the calendar year.

NOTE 17: CONTINGENT LIABILITIES

The Borough of Washington counsel advises us of the following:

1. Various claims by persons who have asserted tort claims against the Borough of Washington. These claims have been turned over to the insurance company and this firm is not familiar with the status of those claims, except that the insurance company has not advised us in writing that there are any claims that will exceed the policy limits or that there are any uncovered claims asserted.
2. Various tax appeals which are being handled by others.
3. The Borough is involved in litigation with First Surety Financial which claims that the contractor on the municipal garage site assigned to it all of the proceeds of the construction contract between the Borough and the contractor. When the contractor defaulted, the contractor instructed the Borough to pay any future payments due under the contract to the Borough's surety. First Surety Financial asserts those payments should have been made to it. The total amount that is claimed is not known at the present time but it is thought to be under \$500,000. The Borough has joined its surety as a party in the matter. The Borough has also asserted claims against its surety for certain liquidated damages claims the Borough has against the contractor. The surety has denied an obligation to play these claims".

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

May 12, 2011

Honorable Mayor and
Members of the Borough Council
Borough of Washington
100 Belvidere Avenue
Washington, New Jersey 07882

We have audited the financial statements - regulatory basis of the Borough of Washington, in the County of Warren, State of New Jersey as of and for the year ended December 31, 2010, and have issued our report thereon dated May 12, 2011. Our report disclosed that, as described in Note 1 to the financial statements - regulatory basis, the Borough of Washington prepares its financial statements on a basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, that demonstrates compliance with a modified accrual basis of accounting and the budget laws of the State of New Jersey, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey; and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Borough of Washington's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements - regulatory basis, but not for the purpose of expressing an opinion on the effectiveness of the Borough of Washington's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Borough of Washington's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Honorable Mayor and
Members of the Borough Council
Borough of Washington
May 12, 2011
Page 2

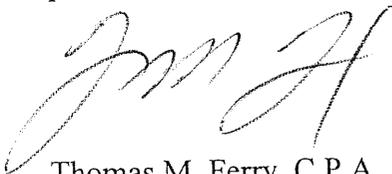

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Borough of Washington's financial statements-regulatory basis are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion.

We noted certain immaterial instances of noncompliance that we have reported to the management of the Borough of Washington in the accompanying comments and recommendations section of this report.

This report is intended solely for the information and use of management, the Division of Local Government Services, Department of Community Affairs, State of New Jersey, Federal Awarding Agencies and Pass Through Entities and is not intended to be and should not be used by anyone other than these specified parties.

GENERAL COMMENTS

Cash Balances

Cash balances in all funds were verified by independent certificates obtained from the depositories as of December 31, 2010, and at May 12, 2011, in connection with the supplemental reconciliations made for all officials. Cash on hand was counted on that date.

Contracts and Agreements Required to be Advertised for N.J.S.A. 40A:11-4

N.J.S. 40A:11-3 states:

a. "When the cost or price of any contract awarded by the contracting agent in the aggregate does not exceed in a contract year the total sum of \$17,500, the contract may be awarded by a purchasing agent when so authorized by ordinance or resolution, as appropriate to the contracting unit, of the governing body of the contracting unit without public advertising for bids, except that the governing body of any contracting unit may adopt an ordinance or resolution to set a lower threshold for the receipt of public bids or the solicitation of competitive quotations. If the purchasing agent is qualified pursuant to subsection b. of section 9 of P.L. 1971, c.198 (C.40A:11-9), the governing body of the contracting unit may establish that the bid threshold may be up to \$25,000. Such authorization may be granted for each contract or by a general delegation of the power to negotiate and award such contracts pursuant to this section.

b. Any contracts made pursuant to this section may be awarded for a period of 24 consecutive months, except that contracts for professional services pursuant to subparagraph (i) of paragraph (a) of subsection (1) of section 5 of P.L. 1971, c.198 (C.40A:11-5) may be awarded for a period not exceeding 12 consecutive months. The Division of Local Government Services shall adopt and promulgate rules and regulations concerning the methods of accounting for all contracts that do not coincide with the contracting unit's fiscal year.

c. The Governor, in consultation with the Department of the Treasury, shall, no later than March 1 of every fifth year beginning in the fifth year after the year in which P.L. 1999, c.440 takes effect, adjust the threshold amount and the higher threshold amount which the governing body is permitted to establish, as set forth in subsection a. of this section, or the threshold amount resulting from any adjustment under this subsection, in direct proportion to the rise or fall of the index rate as that term is defined in section 2 of P.L. 1971, c.198 (C.40A:11-2), and shall round the adjustment to the nearest \$1,000. The Governor shall, no later than June 1 of every fifth year, notify each governing body of the adjustment. That adjustment shall become effective on July 1 of the year in which it is made."

N.J.S. 40A:11-4 states: "Every contract awarded by the contracting agent for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the governing body of the contracting unit to the lowest responsible bidder after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other law. The governing body of a contracting unit may, by resolution approved by a majority of the governing body and subject to subsection b. and c. of this section, disqualify a bidder who would otherwise be determined to be the lowest responsible bidder, if the governing body finds that it has had prior negative experience with the bidder."

GENERAL COMMENTS (CONTINUED)

Contracts and Agreements Required to be Advertised for N.J.S.A. 40A:11-4 (continued)

Effective July 1, 2010, the bid threshold in accordance with N.J.S. 40A:11-3 and 40A:11-4 (as amended) is \$26,000.00 and with a qualified purchasing agent the threshold may be up to \$36,000.00.

The Governing Body of the Borough of Washington have the responsibility of determining whether the expenditures in any category will exceed the bid threshold within the fiscal year and where question arises as to whether any contract or agreement might result in violation of the statute, the Borough Attorney's opinion should be sought before a commitment is made.

The minutes indicated the bids were requested by public advertising per N.J.S. 40A:11-4. The minutes also indicated that resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S. 40A:11-5.

Inasmuch as the system of records did not provide for the accumulation of payments for categories for the performance of any work or the furnishing or hiring of any material or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear cut violation existed. None were noted.

Our review of the Borough's minutes indicated that resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 40A:11-5.

Our examination of expenditures did not reveal any individual payments, contracts or agreements in excess of the statutory threshold "for the performance of any work or the furnishing or hiring of any materials or supplies," other than those where bids had been previously sought by public advertisement or where a resolution had been previously adopted under the provisions of N.J.S.A. 40A:11-6.

The Borough is a member of a Cooperative Pricing Council organized in the surrounding area.

Collection of Interest on Delinquent Taxes and Assessments

The statute provides the method for authorizing interest and the maximum rates to be charged for the nonpayment of taxes or assessments on or before the date when they would be delinquent.

The Governing Body on January 5, 2010 adopted the following resolutions authorizing interest to be charged on delinquent taxes:

RESOLUTION OF THE BOROUGH OF WASHINGTON, COUNTY OF WARREN, STATE OF NEW JERSEY, FIXING THE RATE OF INTEREST TO BE CHARGED ON DELINQUENT TAXES OF ASSESSMENTS

"WHEREAS, taxes are payable in quarterly installments on February 1st, May 1st, August 1st and November 1st in each year, and installments become delinquent if not paid on or before those dates".

GENERAL COMMENTS (CONTINUED)

Collection of Interest on Delinquent Taxes and Assessments (continued)

“BE IT THEREFORE RESOLVED, that Council does hereby authorize an interest charge not to exceed eight (8%) percent per annum on the first \$1,500.00 of the delinquency and eighteen (18%) percent per annum on any amount in excess of \$1,500.00 upon all delinquent installments; and

BE IT ALSO RESOLVED, that Council does hereby authorize a penalty to be charged to a taxpayer with a delinquency in excess of \$10,000.00 who fails to pay that delinquency prior to the end of the calendar year. That penalty so fixed shall not exceed six (6%) percent of the amount of the delinquency.

BE IT FURTHER RESOLVED, that any installments received after the expiration of the grace period, and such grace period shall be the period starting with the second day and ending on the ten (10th) day of the month in which taxes are due, shall bear interest at the applicable interest rate from the original due date.

BE IT FURTHER RESOLVED, that the Tax Collector of the Borough of Washington is hereby authorized to conduct the annual sale of delinquent taxes for the Calendar Year 2010.

It appears from an examination of the Collector's records, that interest was collected in accordance with the forgoing resolution.

As part of the audit, an agreement between the Borough and Phillipsburg National Bank, dated October 12, 1992, effective January 1, 1993, established the Bank as the official Tax Receiving Agency, was reviewed. However, the statutes read that the Tax Receiving Agency can only accept current year tax payments. Therefore, the agreement between the bank and Borough was reviewed, and accepted by the Division of Local Government Services for their approval on February 4, 1993.

Delinquent Taxes and Tax Title Liens

The last tax sale was held on September 16, 2010 and was complete, except for properties in bankruptcy court.

Inspection of tax sale certificates on file revealed that all tax sale certificates were available for audit.

The following comparison is made of the number of tax title liens receivable on December 31 of the last three years:

<u>Year</u>	<u>Number of Liens</u>
2010	17
2009	19
2008	18

It is essential to good management that all means provided by statute be utilized to liquidate tax title liens in order to get such properties back on a tax-paying basis.

GENERAL COMMENTS (CONTINUED)

Verification of Delinquent Taxes and Other Charges

A test verification of delinquent charges and current payments was made in accordance with the regulations of the Division of Local Government Services.

The result of the test, which was made as of December 31, 2010 is not yet known, but a separate report will be rendered if any irregularities are developed.

In addition, analytical review procedures were utilized to ascertain the validity of the receivables.

OTHER COMMENTS

Interfunds

1. Reference to various balance sheets show interfund balances remaining at year end. Transactions invariably occur in one fund which requires a corresponding entry to be made in another fund, thus creating interfund balances. As a general rule, all interfund balances should be closed out as of the end of year.

Management Response:

It is the Borough's policy to review and liquidate all interfund balances on a periodic basis.

Treasurer

1. There are grant receivables in the General Capital Fund and the Sewer Utility Capital Fund that need to be investigated for possible cancellation.

Management Response:

Grant receivables in the General Capital and Sewer Utility Capital were investigated in detail in 2010. Provisions for grant cancellations were made in the 2011 budget and resolutions for cancellations will be presented to the Governing Body in 2011.

2. Contracts payable in the General Capital Fund listed on the General Ledger does not agree with the subsidiary ledgers.

Management Response:

Old contracts payable in General Capital Fund subsidiary ledger will be reviewed. Old purchase orders will be formally closed and reconciled to the General Ledger.

OTHER COMMENTS (CONTINUED)

Treasurer (continued)

3. Consumer Accounts Receivable and Sewer Overpayments in the Sewer Utility Fund listed on the General Ledger do not agree with the subsidiary ledgers.

Management Response:

Sewer Utility billing was brought in house in July 2010. Constant efforts are being made to reconcile all of the records brought forward.

4. There is a Deferred Charge to Future Taxation - Unfunded over five years old.

Management Response:

Deferred Charges to Future Taxation are constantly reviewed for cancellation or funding through the budget. Several capital appropriations were cancelled in 2010; additional appropriations were budgeted in the 2011 budget to fund deferred charges. A second review will be done in 2011 and additional possible appropriations will be cancelled. The Borough plans to make appropriations in 2012 budget to fund additional deferred charges unfunded.

5. Sewer revenue reports do not agree to the general ledger.

Management Response:

Sewer Utility billing was brought in house in July 2010. Constant efforts are being made to reconcile all of the records brought forward. Additional revenue accounts were created in 2011 to ensure reconciliation between revenue reports and the general ledger.

6. There are tax overpayments on the balance sheet that need to be reviewed for possible cancellation.

Management Response:

Tax overpayments ledger will be reviewed and balances cancelled or applied.

Outside Offices

1. The Clerk's Department did not maintain a formal cash receipts journal.

Management Response:

The Clerk's revenue collection records will be reviewed and a formal cash receipt journal developed.

OTHER COMMENTS (CONTINUED)

Animal Control Trust Fund

1. A formal cash receipts journal was not maintained by the Collector.

Management Response:

Records maintained for Animal Control will be reviewed and procedures improved to include a cash receipts journal.

2. Unused dog tags were not available for audit.

Management Response:

Unused dog tags will be maintained in the office until audit completion.

Municipal Court

1. There were 42 tickets assigned but not issued over 181 days old.

Management Response:

In 2010, the Borough entered into a interlocal agreement with Mansfield Township for Municipal Court Services. In addition, police services in the Borough are provided by the Township of Washington. Both municipalities will be contacted and will work together with the Borough to resolve this issue.
