

# **NOTICE**

**Recently there has been a marked increase in residents placing excessive amounts of garbage out for curbside pickup. As a reminder, residents are limited to TWO thirty-two gallon containers of garbage per week. If there is a need to put out more garbage on any given week, stickers are available at Borough Hall for extra bags at a cost of \$2.00 each.**

**The Borough's garbage vendor has been instructed to NOT pick up more than two 32 containers of trash per household unless the additional bags/containers have Borough garbage stickers affixed. Trash in excess of two containers that is not stickered will be left by the vendor and is subject to a summons from Code Enforcement. Warnings will not be given as this has become a very serious problem that affects the overall cleanliness, appearance, and quality of life for residents in the Borough. Please do your part to keep the Borough clean and to keep garbage pickup orderly.**
