

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY  
INVITES PUBLIC COMMENT ON THE PROPOSED PLAN  
FOR THE POHATCONG VALLEY GROUNDWATER CONTAMINATION SITE – OPERABLE UNIT 3  
WARREN COUNTY, NEW JERSEY

The U.S. Environmental Protection Agency (EPA) announces the opening of a 30-day comment period on the preferred plan to address the soil contaminated with trichloroethene (TCE), a volatile organic compound at the Pohatcong Valley Groundwater Contamination Site Operable Unit 3 (OU3) in Warren County, New Jersey. The preferred remedy and other alternatives are identified in the Proposed Plan.

The comment period begins on June 15, 2016 and ends on July 15, 2016. As part of the public comment period, EPA will hold a public meeting on June 21, 2016 at 6:30 pm at the Washington Boro Municipal Building, 100 Belvidere Ave., Washington NJ 07882.

The Proposed Plan is available electronically at the following address:

<https://www.epa.gov/superfund/pohatcong-valley-groundwater>

Written comments on the Proposed Plan, postmarked no later than close of business July 15, 2016, may be emailed to [granger.michelle@epa.gov](mailto:granger.michelle@epa.gov) or mailed to Michelle Granger, US EPA, 290 Broadway, 19<sup>th</sup> Floor, New York, NY 10007-1866.

The Administrative Record files are available for public review at the following information repositories:

The Warren County Health Department, 700 Oxford Rd., Oxford, NJ 07863 or at the USEPA – Region 2, Superfund Records Center, 290 Broadway, 19<sup>th</sup> Floor, New York, NY 10007-1866.
